Heritage Sites

KL's long and colourful history has left a legacy of heritage sites which bear the stamp of various foreign influences. The main heritage zones in the city are Merdeka Square, Market Square, Chinatown (Petaling Street) and Jalan Tuanku Abdul Rahman. A number of sites can be accessed by the tour bus, cycle tours or even a horse carriage ride.

Dataran Merdeka (Merdeka Square) Jalan Raja

Dataran Merdeka or Merdeka Square is a good starting point to explore the city's heritage sites. The Union Jack was lowered here on 31 August 1957 marking Malaysia's independence from colonial rule. Hence the name Merdeka, which means "Independence" in Malay. A 100-metre-high flagpole, said to be one of the tallest in the world, proudly flies the Malaysian flag. The Square used to be the focal point of Kuala Lumpur and the field here was the venue for police parades and cricket matches. Today, it is a beautifully landscaped area with gardens, terraces and fountains. Merdeka Square is still an important venue for national events such as National Day celebrations and street parades.

Getting there: KL Hop On Hop Off tour bus / GO KL City Bus / Tram / KL Horse & Carriage Ride / RapidKL LRT – Masjid Jamek Station. Merdeka Square is a short walk from the station.

Royal Selangor Club Jalan Raja

Adjacent to Dataran Merdeka is the Royal Selangor Club, a charming mock-Tudor structure. It was founded in 1884 as a small plank building with thatched roof, serving as a social and cricket club for the growing expatriate community. In the colonial days, the club was dubbed 'The Spotted Dog', a nickname purportedly originating from the Police Commissioner's black and white dalmations which accompanied his wife to the club. The club was rebuilt to its present form in 1979 after a fire razed the building in 1970.

Getting there: KL Hop On Hop Off tour bus / Tram / KL By Cycle / KL Horse & Carriage Ride / RapidKL LRT – Masjid Jamek Station. Royal Selangor Club is a short walk from the station.

Sultan Abdul Samad Building

Jalan Raja

This remarkable edifice, built in 1897, was named after the State Ruler and served as the government administration building during the British era. Boasting a Mahometan or Neo-Saracenic style, the building is constructed entirely of brick. It was the largest building of its day and was said to be the finest in the Malay states. The stately structure consists of an imposing porch, graceful horseshoe-shaped arches, shiny copper domes and a 41.2-metre-high clock tower. The building makes an impressive sight when illuminated at night.

Getting there: KL Hop On Hop Off tour bus / Tram / KL By Cycle / KL Horse & Carriage Ride / RapidKL LRT – Masjid Jamek Station. Sultan Abdul Samad Building is a short walk from the station.

Pasar Seni (Central Market)

Jalan Hang Kasturi

This building, designed by architect and engineer TY Lee, is a fine example of Art Deco styles of the 1930s. Central Market used to be the town's wholesale and retail wet market for fresh produce. It was renovated and reopened in 1986, and it was the first example of a heritage building being adapted for a different use. It is now a leading crafts centre in the city. (For more information on Central Market, refer to page 42).

Getting there: KL Hop On Hop Off tour bus / RapidKL LRT – Pasar Seni Station.

Jalan Hang Kasturi Shophouses

Just a short walk from the Central Market, Jalan Hang Kasturi used to be the spot for provisions such as dried fish and preserved vegetables. Many of the dried goods stores here can still be found today. The pre-war shophouses are mostly of Neo-Classical style.

Medan Pasar (Market Square)

Situated between Lebuhraya Pasar Besar and Lebuhraya Ampang, Market Square refers to the spot once owned by Yap Ah Loy, headman of the Chinese community. The three-storey shophouses here are examples of ornate Neo-Classical designs, as characterised by the decorative plaster garlands, roof-top gables and balustrades.

Lebuh Ampang

This bustling street was the traditional preserve of the Chettiers, or South Indian moneylenders who were an economic force in the early days. The glazed ceramic tiles, peacock designs, traditional low benches and chests are some of the distinctive features of this community. Today, the street is still predominantly occupied by Indian traders, with restaurants, textile shops and sundry stores.

Jalan Tun H.S. Lee

Formerly known as High Street, the stretch of shophouses here are some of the oldest, dating back to the mid-1880s. This was one of the early streets in which the shophouses were rebuilt in brick and tiles. A unique feature here is that the five-foot ways are lower than the surface of the road. There is also a strong Chinese influence in this street.

Getting there: Jalan Hang Kasturi, Market Square and Jalan Tun H.S Lee are within walking distance to the RapidKL LRT – Pasar Seni Station.

Petaling Street (Chinatown)

KL's Chinatown is a bustling and colourful street of shops, restaurants and hawker stalls. Aside from the popular shopping district of Petaling Street, the nearby buildings, clan houses and temples contain evidences of the city's built heritage. Among them are the Lee Rubber Building, Kwong Siew Association, Old High Street Police Station, Police Sikh Temple, Old China Café, Old Victoria Institution and Sri Maha Mariamman Temple.

Getting there: KL Hop On Hop Off tour bus / RapidKL LRT – Pasar Seni Station. Chinatown is a short walk from the station.

Jalan Tuanku Abdul Rahman

Originally known as Batu Road, this road was then named after the first King of Malaysia. The buildings here reflect the changing trends in architectural design, and provide clues as to the period of their construction, including the Utilitarian, Neo-Classical and Art Deco traditions. Noteworthy buildings in this zone include Masjid India, PH Hendry Building, Coliseum Cinema, Coliseum Café and Rex & Tivoli Hotels.

Getting there: KL Hop On Hop Off tour bus / RapidKL LRT – Bandaraya Station.

KL Railway Station

Jalan Sultan Hishamuddin

This splendid building was the hub for the nation's rail transportation system before the modern KL Sentral Station was built. Its Moorish architecture with graceful arches and minarets makes it one of the city's most photographed landmarks. Equally impressive is the Malaysian Railway (KTM) Headquarters situated overlooking the railway station.

Getting there: KL Hop On Hop Off tour bus / Tram / KTM Komuter – Kuala Lumpur Station

Malaysia Tourism Centre (MATIC)

Jalan Ampang

Set in a colonial building, MATIC is a one-stop centre for tourists with a host of facilities such as a 24-hour tourist police counter, Internet access, tour agencies, currency exchange, hotel reservations as well as souvenir outlets and a chocolate boutique. This building was constructed in 1935 as a family residence by Eu Tong Seng, a wealthy tin miner and rubber estate tycoon. During the war, it served as the military base of the British army and as the headquarters of the Japanese army. The building has been the venue of numerous significant occasions, including the first sitting of Malaysia's Parliament and the installation ceremonies of several kings of the country.

GETTING TO MALAYSIA The main gateway to Malaysia is the Kuala Lumpur International Airport

(KLIA) which is also known as KLIA Terminal 1. It is located about 40 km south of Kuala Lumpur. Over 40 international airlines fly into the country via KLIA.

Malaysia Airlines, the national carrier, is a member of the oneworld airline alliance and offers connectivity to 1,000 destinations over 170 territories.

KLIA Terminal 2 (formerly known as KLIA 2), is situated about 1.5 km away from the main terminal and serves as the world's largest terminal dedicated to low-cost carriers. Airlines that operate from Terminal 2 include AirAsia and AirAsia X. Other international airports in the country are situated in Langkawi, Penang, Johor Bahru, Kota Kinabalu and Kuching. Skypark Terminal or Sultan Abdul Aziz Shah Airport in Subang is the main base for Firefly, Batik Air and private carriers.

The country's largest seaport is Port Klang, a major shipping and cargo terminal. Other main entry points by sea are located in Langkawi, Penang, Melaka, Johor, Labuan, Kuching and Kota Kinabalu.

GETTING AROUND Malaysia has excellent domestic air links serviced by Malaysia Airlines as well as carriers such as AirAsia and Firefly. The country has a well-developed and efficient public transportation system served by buses, taxis as well as trains.
